Entered in Post Office, Boston, Mass., as Second-Class Matter.

Press of Lounsbury Nichols & Worth Company.

THE Board of Editors publish in this week's issue an account of the placing of a new bust of General Walker in the Public Library. In an editorial in the last issue a statement appears regarding official interest in athletics here at Tech which needs correction. No man could have taken a more personal interest in these things than the soldier, statesman and scholar who was our beloved President and counsellor,

NE of the obvious ways in which Technology differs from many of the other colleges is in the degree of familiarity existing between the students and the faculty. Of course such association on the most friendly terms is in every way to be desired, but with it should be coupled some of the marks of respect which the students elsewhere show to their professors. One very general custom that comes to mind is that of raising one's hat, instead of merely bowing, whenever saluting any member of our Faculty. Another matter that has been recently proposed in the senior class, and that we wish to call to the attention of the students, is the custom of rising in class room or lecture hall upon the entrance of the President.

IT seems that a few of the Sophomores are continuing their practice of making matters as unpleasant as possible for their lecturers. Such actions cannot but be most heartily condemned. In a body of some three hundred students there will always be some of this type of men, but it is not for long. They soon leave us, either by request, or of their own accord, for their own good, perhaps — for ours, certainly.

### The Bust of General Walker.

A life-size bronze bust of Gen. Francis A. Walker is to be set up within a few days in a niche in the southern wall of the courtyard of the Public Library. Workmen have begun to cut into the granite wall, the location being just opposite the windows that overlook the courtyard from the main staircase.

Three years ago the city council authorized an appropriation of \$2500 for this bust of a president of the Institute of Technology, who had been a trustee of the Boston Public Library. Last year the art commission regarded favorably a model submitted by Mr. Richard E. Brooks, sculptor, and he received the contract for the work.

The bust is considered to be a good likeness. It represents Gen. Walker in military uniform, with uncovered head. The countenance is impressively strong but not stern. The bronze piece is to stand in relief against a bronze plate, three feet high and nearly as wide. This background is to be let into the granite wall several inches, and will be supported by a decorated bracket of marble.

On the base of the bust is the name "Francis Amasa Walker." At the top of the plate are the words "Soldier, Economist, Statistician." Below, over the head, is this inscription: "President of the Massachusetts Institute of Technology — Trustee of the Boston Public Library." To the left of the head is the inscription: "Superintendent of the Ninth and Tenth Census," and to the right "Brevet Brigadier-General of the United States Volunteers."

### Architectural Department.

Several new and important additions have been made in cast-work in the architectural department. The latest casts to arrive were ordered by Professor Homer a year ago and were made especially for the Institute. Unfortunately the cast of a feature of Trajan's Arch at Benevento was broken badly in ship-

ping, but it has been sent to Caproni and will be mended so as to be placed in the studio with the other casts. The principal casts are from the entablature of the temple of Castor and Pollux and were made by Gherardi. There is also included a cast from Cantigalli's in Florence purchased by Mr. Gardner. The casts will be arranged around the studio later this fall. Much of the terra-cotta work purchased by Mr. Gardner has already been attractively hung and arranged in the studio.

### Mining Engineering Society.

The Mining Engineering Society held a very successful meeting last Thursday afternoon in Room 11, Rogers Building. There were about fifty men present. President Pritchett spoke on general topics and brought out strongly the need of Spanish for Mining Engineers. Dr. Talbot gave an interesting talk on the importance of iron analysis to these engineers. Professor Richards gave a brief address. Another meeting will be held in about two weeks, the subjects to be announced later.

The following men were elected to membership: 1902, Sissons and Simon; 1903, Pell, Cooper, Martin, McKelvey, Sherman, Manson, Peaslie, Shaw, Godfrey, Green, Smith, Healy, Babcock, Low, and Schmidt.

### Civil Engineering Society.

At a meeting of the Civil Engineering Society held on November 2, Mr. Bigelow, '01, spoke on "Metropolitan High Level Sewers." The lecture was illustrated by lantern slides. On Saturday, November 3, the Society made an excursion to River Street Station to visit the work in question. Members of the C. E. Society are invited to attend the next meeting of the Society of Arts, to be held November 8, at which meeting Dr. Pritchett will be a speaker.

Mr. Pendergast, '02, has been elected to the Editorial Staff of THE TECH.

W. N. Brown, '02, is again back at the Institute, after an illness which has deprived him of five weeks' time.

President Pritchett will speak at the meeting of the Association of Collegiate Alumnae and members of the College Club on November 17th. A reception will follow.

A private dining room for Tech men is being organized. It is to be on the second floor of 202 Dartmouth Street, and seems to be an excellent scheme for obtaining good food at a reasonable price, to say nothing of the social advantages.

The results of the Senior Class elections are as follows: President, E. F. Lawrence; 1st Vice President, P. H. Parrock; 2nd Vice President, Edw. Seaver; Secretary, A. W. Higgins; Treasurer, A. W. Rowe; Class Directors, C. H. Shivers and G. M. Spear; Institute Committee, P. G. L. Hilkin and F. D. Rash.

The following men were appointed some time ago by the treasurer of the Class of 1902 and authorized to collect '00-'01 yearly Class dues from the men in their respective courses: G. T. Seabury, I.; C. R. Place, II., VIII., VI., XI., XII.; C. A. Smith, III., L. E. Vaughan, IV.; R. S. Williams, V.; E. E. Kimball, VI.; B. G. Philbrick, VII.; H. O. Besworth, X.; S. A. Gardner, Jr., XIII. Those who have not paid their dues should do so as early as possible so as to facilitate class matters.

At the regular meeting of the Architectural Society held on Monday, Nov. 5th, the following members of Course IV. were elected: E. B. MacNaughton, '02, H. Sawyer, '01, Ross, '02, C. Huntingdon, '03, F. L. W. Richardson, '03, Hall, '03, Svenson, '03, Barber, '02, P. L. Price, '02. Mr. Guy Lowell was elected an honorary member of the Society. At the previous meeting of the society the following men were elected members: P. R. Whitney, '02, A. E. Lang, '03, and E. W. Mason, '03. The Bohemian Dinner, at which Dr. Pritchett will address the members of the Society, will be held Thursday evening, Nov. 7th.

Men are needed in all departments of the paper. The Sophomore Class certainly needs more representation in order to carry on the paper the next two years. Men who can draw are urged to try for the Artistic Staff, in the lack of which THE TECH is striving to make itself presentable. Another Business Manager is needed at once. The work is not so arduous as to interfere with a man's studies and it has been the experience of all the editors that the practice in writing and the knowledge of the running of a publication are advantages not to be despised.

---

There lived a gallant cavalier,  
In all the land was not his peer,  
And ever did he without fear,  
His knightly duty.

But when, full oft, upon the stroke  
Of two, his son and heir awoke,  
He walked the floor, — it was no joke,  
His nightly duty.

---

Hollis — What makes a man, when he is engaged, give the girl a diamond ring?  
Stoughton — The girl, I suppose.

---

A student devoted to golf,  
Remarked, "You must really not scolf  
If it happen the tee  
Should be smitten by mee  
When I'm trying to get the ball off."

### The Society of Arts.

The 544th regular meeting of the Society will be held at the Institute, Walker Building, on Thursday, November 8, at 8 P.M. Dr. Pritchett will address the Society on "America's Contribution to our Knowledge of the Size and Figure of the Earth." Members are requested to invite friends interested in the subject.

### Chess Tournament.

A. M. Deane, '04, R. M. Hood, '03, C. M. Hindenburg, '03, H. B. Woods, '01, R. A. Pope, '02, J. R. Brownell, '01, G. Hill, '04, J. S. Bridges, Jr., '03, T. E. Cady, '01, H. B. Chalmers, A. Madero, S. S. Madero, '01, H. Madero, C. B. Cox, '03, R. A. Wentworth, '04, Robinson, A. P. Gonzaloz, T. Crary, '04, S. Hazelwood, '01, L. Dupont, '01.

All games in the first round must be finished before December 15th.

C. B. Cox, *Secretary*.

### 1904 Election.

*President* — Merton L. Emerson — 68;  
Charles L. Homer — 68.

*1st Vice President* — Stuart L. Wolcott.

*2nd Vice President* — Albert W. Bee.

*Secretary* — Arthur C. Downes.

*Treasurer* — C. L. Rodgers.

*Directors* — George E. Atkins; George W. Sanborn.

### Calendar.

*Thursday, November 8th.* — Society of Arts Meeting, 8 P.M.; Walker Building. Architectural Society, Bohemian Dinner, 7 P.M.

*Friday, November 9th.* — Regular M. I. T. Y. M. C. A. Student Meeting. Orchestra. Room 11, Rogers Building, 4.10 P.M. Leader.

*Saturday, November 10th.* — Hare and Hounds run from Milton. Leave South Station at 2.23 for Central Ave.

*Sunday, November 11th.* — Regular Student Meeting at Tech Y. M. C. A. Student House, 566 Massachusetts Avenue, 4 P.M.

*Monday, November 12th.* — Meeting of TECH Board, 1 P.M.

### Cane Rush and Game.

In view of the Sophomore-Freshmen football game and cane rush which is scheduled for the 15th inst., it is high time that preparations were made and regular football practice begun. The Freshmen class this year seems very slow in getting its men out, though there is no dearth of material.

There is a large number of good players in 1904, and there is no reason why a good team should not be formed. Let every man take this to himself and present himself at the gym. on next Monday afternoon at 4 o'clock. Regular practice will then commence in preparation for the game on the 15th.

### Freshman Football.

The Freshmen football team defeated the strong Thayer Academy team, 5—0 on Friday, November 2d. The score being made by a pretty goal from the field by Curtis. Although the Freshmen put in a number of new men to try, they played a hard, consistent game, and won by clean football.

### Sophomore Football.

The Sophomores defeated Mechanics Arts High School 16—0, on Franklin Field, Thursday, November 1st. The game was not started until late, only one short half being played on account of darkness. The Sophs gained as they pleased, and seldom lost the ball.

On Friday, November 2nd, Medford High School defeated 1903 by the score of 10—0. The Sophomores were badly used up from the game of the day before and of course presented a rather weak line-up.

The train it is a wicked thing,

The engine smokes all day  
And drags along the chew-chew cars  
And tanks up by the way.

The laws of France are mostly form,

The critics often say;  
The same, we fear, is also true  
Of naughty French ballet.

**Tech, 0; Amherst, 18.**

Tech lost her second game of the season to Amherst last Saturday by a score of 18-0. The playing on both sides was hard, Amherst showing much better form than in previous games and Tech not doing so well as usual. Tech's line was not very reliable and the ends were not up to standard. Fumbles were costly to both sides and cost Tech two touchdowns, one a fumble by Maxson on Amherst's 10-yd. line and one by Dillon on the 1-yd. line.

Amherst kicked off and Tech regained ten yards but was forced to punt on the third down. Amherst recovered to Tech's 40-yd. line. Baumann fumbled and Maxson secured the ball and carried it 70 yards to Amherst's 10-yd. line, where he lost it on being tackled by Shay. A number of kicks were exchanged and then by steady rushes Amherst worked down the field for a touchdown. Tech kicked off and Amherst made some gains around end and again by steady work scored the second touchdown. Score at end of half, Amherst 11; Tech 0.

Tech kicked off and Amherst returned the kick. Tech then rushed the ball to centre of field, when Amherst held for downs. Amherst worked steadily up the field but Tech regained the ball on the 4-yd. line and on account of mistaken signals was forced to make a safety. Tech punted from the 25-yd. line and Amherst regained ten yards. Amherst tried a field goal on the third down but missed by a wide margin. Tech punted out and Amherst gradually ploughed her way for the last touchdown. The line-up was as follows :

AMHERST.	TECH.
Swift (Chase), l. e.	Hooker (Nagle), r. e.
Cook, l. t.	Roberts, r. t.
Otis, l. g.	Hamilton, r. g.
Howard, c.	Hunter, c.
Burke, r. g.	Hamilton (Holnagle), l. g.
Morse (Favour), r. t.	French (Hechman), l. t.
Ballantine (capt.), r. e.	Crocker (Wood), l. e.

Daniels, q. b.	Maxson (Hooker), capt.
Baumann (Clymer), l. h.	Dillon, r. h.
Blanchard, r. h.	Wood (Wilson), l. h.
Shay, f. b.	Metcalfe, f. b.

Score—Amherst, 18; Tech, 0. Touchdowns, Cook, Baumann, Blanchard. Umpire, Strong, Williston. Referee, Crolins, Dartmouth. Halves, 25 m.

**Hare and Hounds Run.**

The fourth run of the Hare and Hounds Club, held last Saturday, was the longest ever held, with the exception of the famous run in November, 1896, when the hares got lost near Lasell. Pember, '02, and Proudfoot, '02, who were the hares, covered the course of nine miles in the remarkable time of one hour and seven minutes. Owing to the length of the trail the hares ran low on paper, and the trail was thin on the last three miles. In spite of this, the hounds came in in one hour and sixteen minutes, and all finished inside the two-minute limit. When it is considered that eleven of the hounds have joined the club this year, the showing was exceptionally good.

The trail led in a zigzag route back of Newton Center and Newton Highlands to Eliot and Upper Falls, crossing the Charles at Echo Bridge, returning to the start by a more direct route. Worcester, '04 was first in, with Marvin, '02 and Haynes, '04 close behind.

The run next Saturday will be from Milton. Train leaves the South Station at 2.23 for Central Avenue. Marvin, '02, and Haynes, '04 will be the hares.

**Corrections in Report of Fall Meet.**

High and low hurdles, first won by E. S. Baker, '02, 440 yard dash. Swenson, '03, not Swinson, '04, third. Points should be: 1901, 21; 1902, 24; 1903, 47; 1904, 26.

In the 440-yard dash and the mile run, the handicaps were 8 and 15 yards less than stated, Williston '02, and Worcester, '04, starting from scratch. Both Williston and Worcester made excellent showings.

Crowell, '04, is a promising man on the dashes.

The season is not yet too far advanced for new men to try for the team. There is always a chance for a good man.

Hamilton is again able to play his position at guard, after being on the crippled list for three weeks with a wrenched knee.

Maxson is out of the game for a week, on account of a torn wrist ligament. Smith, however, is an able substitute; and will probably play quarter in Saturday's game.

Two men have won T's this year by playing in two thirds the scheduled games. They are Hamilton and Crocker. Five more men will be entitled to them after Saturday's game.

J. S. Joseph, '03, is now out running, having fully recovered from the bad scratches he received from coming in contact with a barb wire fence on one of the Hare and Hounds runs.

The Institute badly needs some men who can make a good showing in the weight events. The exceedingly poor results of the hammer-throw in the recent meet show the urgent necessity.

The track team feels the results now of the Hare and Hounds Club. This club has done excellent work and will continue the same in bringing out and developing men, who otherwise would possibly never have thought of entering track athletics. It is a good institution.

The two-mile interclass bicycle race did not come off with the rest of the events at the Charles Bank, October 20th, on account of the lack of a track, but was ridden November 2, in Cambridge. The time was very good and the finish was close.

Of the five entries the following won places: J. H. Carr, '01, first; L. S. Cates, '02, second; H. Y. Currey, '02, third. Time, 5 m. 10 s. James Driscoll, '02, the captain, was unable to ride.

#### Freshman 6; Thayer Academy 0.

The Freshmen played their first game on last Friday with Thayer Academy of Braintree as their opponents.

Owing to the incompetence of the officials the game was most unsatisfactory, Thayer leaving the field at the beginning of the second half, on a decision in which the two officials were at odds. This gave the game to Tech, 6-0.

1904 scored at the end of the first half on a pretty drop kick from the (30) yard line by Curtis.

On the kick off which followed, Thayer kicked the ball over the goal line, and as no Tech men touched it, a Thayer man dropped on the ball. Thayer claimed that as her men were "on side" this was a touchdown, while Tech contended that the ball should be again kicked off. This matter was left in protest. The summary:

1904.  
Curtis, l. e.  
Bee, l. t.  
Morton, l. g.  
Emerson, c.  
Smith, r. g.  
Sanborn, r. t.  
Bradley, r. e.  
Doten, o. b.  
White, l. h. b.  
Doyle, r. h. b.  
Draper, f. b.

THAYER ACADEMY.  
Carr, r. e.  
Adams, r. t.  
Clark, r. g.  
Dow, c.  
Platts, l. g.  
Harrison, l. t.  
Riley, l. e.  
Gallagher, o. b.  
Remick, r. h. b.  
Estabrook, l. h. b.  
Kelley, f. b.

Time — 15-minute half. Umpire, Hayden. Referee, Broad. Linesmen, Brown, Shumacher. Timekeeper, Marston.

'83. Edward G. Gardiner, VII., has been this summer at the Biological Laboratory at Woods Holl, of which he is one of the directors.

'84. Theodore W. Robinson, III., is general manager of the Illinois Steel Company, at Chicago.

'85. C. H. Bartlett, II., is at present connected with the Construction Department, Charlestown Navy Yard.

'86. William F. Jordan, I., is assistant engineer of the New York Central and Hudson River Railroad at Grand Central Station.

'98. William R. Strickland, I., is chief engineer, Case Manufacturing Company, Columbus, Ohio.

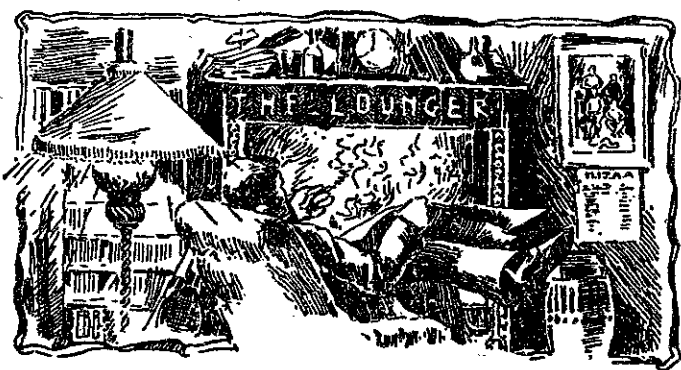

'98. C. H. Pease, II., married Miss Mabel Clarke Proctor, daughter of Mayor and Mrs. George O. Proctor of Somerville on October 31st. Mr. G. R. Wadsworth, '98, was the best man. After a short wedding tour they will be at home at 149 Lowell St., Somerville.

'98. Chester T. Drake and Mrs. Drury were married at noon, May 10, 1900, in Springfield, Mass., at the home of the bride's parents.

'99. Ernest A. Regestein, VI., is in the testing department, General Electric Co., Schenectady, N. Y.

'00. Paul R. Brooks, II., formerly of THE TECH is with the Chicago, Burlington & Quincy Railroad, Beardstown, Ill.

'00. Thomas D. Perry, A. B., II., is assistant in the mechanical department of the Library Bureau, Boston, Mass.

THE LOUNGER is not a little pleased at the amicable ending to the discussion about the Stevens football game and the Fall Meet, which occurred so delightfully on the same day. This was done doubtless so as to impress an outsider that Technology athletics was so warm an article that two separate days could not be afforded. The controversy, which was multi-sided, was opened by Free-Hand Hunter and it has ended with most of the principals feeling as though they were sort of Technology Othellos and every one else sore because he didn't get somewhere or somewhat. All this is encouraging to Technology athletics and as it has given THE LOUNGER a chance to develop his vocal organs on paper, it is an auspicious moment. However, to make appropriate suggestions or comments in such a modest and well regulated paper as THE TECH, is hardly possible without transcending the normal temperature, so THE LOUNGER will desist, with the exception of remarking that as there is about six months between the present date and the Spring Meet the energetic Advisory Council should be able to make a date so that the Spring Meet shall not interfere or collide with the Junior Prom or some such other athletic event. The story of the past inglorious scrap is too sad to be repeated.

THE LOUNGER was the spectator of an immortal incident which took place at the Inauguration two weeks ago and from which any number of instructive and moral conclusions may be drawn without violating the context. After the myriad student had filed in and, with much proudness, taken his seat, the venerable Faculty entered, followed by the impressive instructors and the not-to-be-adjectived assistants. One of the latter—a gentleman of the uncommon cognomen, who conducts exercises in the Engineering Lab.—was proceeding serenely on his way, when the voice of the Marshal halted him with:

"Here—You a Freshman?—You go over there!"

Now THE LOUNGER was at that moment in that mytheopolic condition which is prevalent after a Y. M. C. A. meeting or after an exam. in Heat, and it is needless to say that his complacent sensibilities received a rude shock, and unsuspected. The gen-

tleman in question was also undergoing similar stimulation and he turned the colors of a doubly refracted spectrum, and, after delivering himself of words too passionate to be found in the "Applied" or in "Love in a Cloud," he pushed his way by the marshal—a professor of chemistry—and seated himself among his brethren of the not-to-be-adjectived class. How little it takes to make a great man of us!

THE LOUNGER had occasion to remark a short time ago on the extraordinary ways in which certain sportive Sophomores took to show that they had matriculated from the Freshman class, but he feels that a strong protest is needed when men take to wearing sashes around their hats with long tails hanging half way down their backs. If this town were situated in the wilds of the dark continent—THE LOUNGER had strong surmises that it was on Saturday last—it would be, undoubtedly, very appropriate and *à propos* to wear sarees, but when one recollects that this is Boston and that a birds-eye-view of the sun is obtained only monthly, it may well be thought that unsophisticated Sophomores are going a trifle too far in wearing their ladies' colors in such prominent conspicuity.

THE LOUNGER feels indeed relieved that he may at last express some of the stored up sparkle and brilliancy occasioned by the rough house in the precincts of stately Rogers and Walker after the historical parade of last week. Truly the old piles might well flush, not for shame but in the pride of victory. Many a man was out for scalps that night and many a scalp in the shape of a crimson mortar-board now hangs in a Tech wigwam. 'Twas indeed a good old-time scrap, one which THE LOUNGER has longed for during many moons. Yet, verily, did his heart stop in its headlong course when he beheld the lineup of bluecoats, four deep, eleven wide, with forty-four buttons flashing from each proud, portly chest. And thankfully did these same sentinels pat themselves on each other's backs at the thought that strategy and parade had captured the victory. And how they must have looked at one another and taken back the slaps when some squares back of them the vision of these same meek marchers, now wildly waving torches as clubs and in full pursuit of the crimson band, burst upon their sight.

And in the morning! Ah! how desolate the sight that met THE LOUNGER's half-closed eye, as he wandered up the street to an eleven o'clock! Fences down, trees uprooted, old landmarks, in the shape of parcel delivery wagons' signs, collapsed. All a great, drear, desert waste, but in its midst still stood that welcome oasis, the chapel.

Private parties, clubs, leagues and tournaments are cordially invited to inspect these alleys before selecting bowling quarters for the season.

**C. F. THRASHER, Manager.**

Week Commencing November 12, 1900.

**Hollis Street Theatre.**— Francis Wilson in his very successful comic opera, "The Monks of Malabar" will play for the rest of the week. Next week Charles Frohman's Empire Theatre company will present "Brother Officers." This play will undoubtedly repeat its great New York success in Boston.

**Castle Square Theatre.**— The Irish Drama, "Arrah-na-Pogue" will be given the rest of this week. Next week the regular company will present a new dramatic version of "Nell Gwynn." This is a well known play and has always proved a success. The action of the play passes in London during the reign of the second Charles.

**Boston Theatre.**— The Bostonians will play "Robin Hood" the last part of this week. This

opera is so well known that nothing need be said about it. Next week an enormous company will present Stange's dramatization of "Quo Vadis." This is the original London Adelphi Theatre company of talented artists and no one should miss seeing this wonderful play.

**Tremont Theatre.**— This is positively the last week of Mrs. Fiske's superb production of "Becky Sharp." Next week Mr. E. S. Willard will make his reappearance after a three years' vacation in "David Garrick." The return to the stage of this talented artist will be hailed with joy by his many friends. "The Professor's Love Story" will be given at the Wednesday and Saturday matinee.

**Boston Museum.**— Andrew Mack will continue in his fine play, "The Rebel," for the rest of this week. Next week James K. Hackett, supported by Miss Bertha Galland, will be seen in the famous play, "The Pride of Jennico." Mr. Hackett is one of our leading actors and his appearance in Boston is always applauded by his great host of friends.

**Columbia Theatre.**— "The Cadet Girl" with Dan Daly is now in its last week. Next week the great comedienne, Marie Dressler, and twenty others just as good will present the latest edition of musical comedy, "Miss Prinnt."

**Park Theatre.**— The phenomenal success which "Lost River" is having is not remarkable when one considers that it was written by the author of "Blue Jeans." The scenes are thrilling and there is a wealth of scenic effects.

**BROKEN BRIC - A - BRACS.**

Mr. Major, the famous cement man, of New York, explains some very interesting facts about Major's Cement.

The multitudes who use this standard article know that it is many hundred per cent. better than other cements for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not use them, because they are too expensive and do not allow large profits. Mr. Major tells us that one of the elements of his cement costs \$3.75 a pound, and another costs \$2.65 a gallon, while a large share of the so-called cements and liquid glue upon the market are nothing more than sixteen-cent glue, dissolved in water or citric acid, and, in some cases, altered slightly in color and odor by the addition of cheap and useless materials.

Major's cement retails at fifteen cents and twenty-five cents a bottle, and when a dealer tries to sell a substitute you can depend upon it that his only object is to make larger profit.

The profit on Major's cement is as much as any dealer ought to make on any cement. And this is doubly true in view of the fact that each dealer gets his share of the benefit of Mr. Major's advertising, which now amounts to \$5,000 a month, throughout the country. Established in 1876. Insist on having Major's. Don't accept any off-hand advice from a druggist.

If you are at all handy (and you will be likely to find that you are a good deal more so than you imagine) you can repair your rubber boots and family shoes, and any other rubber and leather articles, with Major's Rubber Cement and Major's Leather Cement. And you will be surprised at how many dollars a year you will thus save.

If your druggist can't supply you, it will be forwarded by mail; either kind. Free of postage.
